HEALTHY HOOVES!!

Broome Horse Riders' Club Inc
est. 1976

We all know the importance of
healthy hooves right?

Follow our 4 simple tips for top condition:

#1 MUCK OUT DAILY

Manure = Bacteria! Especially when it rains and your pony is standing in a wet yard. A clean yard/stable = less chance of infections.

#2 PICK OUT DAILY

Get busy with that hoof pick - remove all mud, manure, rocks etc.

#3 REGULAR TRIMS

If you can't DIY, our superstar farrier visits every 5 weeks!

#4 EXERCISE

We all know exercise is only GOOD! Get your pony out and about, and those hooves aerated and healthy.

THIS MONTH'S FRIENDLY REMINDER IT'S CYCLONE SEASON

PLEASE MAKE SURE:

- YOUR YARD IS TIDY
- ALL ITEMS TIED DOWN
- WATER TROUGHS ARE FULL IF AN ALERT IS ISSUED
- YOU HAVE ENOUGH FEED IN CASE OF FLOODING/ROAD CLOSURES
